

Nachtnet train services by Nederlandse Spoorwegen 2022

Nachtnet services are special InterCity services that run after approximately 01:00. Some ordinary train services have their latest services running concurrently with the earliest *Nachtnet* services, but these late ordinary train services are not shown here. Ordinary train services have assisted boarding till the last service, at stations where assisted boarding is available. On the other hand, *Nachtnet* services do not have assisted boarding.
